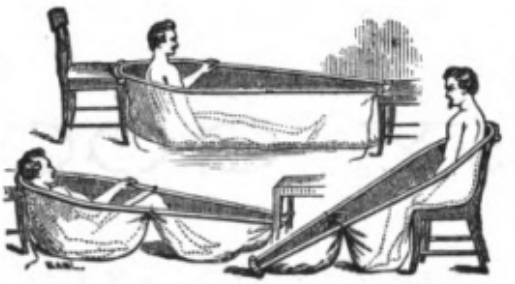
THE UNIVERSAL BATH.

BUSINESS ESTABLISHED 1867.

Last Patent 1870.

E. J. Knowlton,

Patentee and Proprietor.



Office,

24 North State st.,

Ann Arbor, Mich.

POST OFFICE BOX NO. 1516.

This commonplace yet exceedingly useful article is simple, strong, compact and durable, yet light and easy to manipulate, and marvelously adjustable. By various simple modifications of this one vessel, it affords sponge, hip, spine, half and full baths; small for a child and large for an adult, and takes but little water. It is soft, pliable and grateful to the touch. It may be used readily in the sick room, or any room without danger of soiling carpet or furniture, and for storage may be hung against the wall as tidy as a common garment. The price is $25, and many who have used it for several years esteem this bath, which requires no special room, preferable to an ordinary *bath room and fixtures*, at ten times the cost. It is the embodiment of cheapness, simplicity and efficiency. The UNIVERSAL BATH is sold exclusively by canvassers. The enterprise had at first much to encounter. Although nearly every intelligent person praised it, yet scarcely one in a thousand had conveniences for bathing, and we soon learned that to influence those who had a bath, to try something better, and to convince those who had not, that there was a necessity for its use, or even that cleanliness was productive of health, was a difficult task. Still, the work has steadily progressed, until now THE UNIVERSAL BATH is quite common in more than half of the States in the Union, and from all parts and nearly all grades of men, come the most decisive and enthusiastic testimonials of its merits.

ORDERS FOR BATHS PROMPTLY EXECUTED. PRICE, $25.00.
