GOOD COOKING

DEPENDS JUST AS MUCH UPON GOOD MATERIAL AS IT DOES UPON SKILL.

There is nothing in the world more delicious than articles made with baking soda, such as soda biscuits, corn bread, batter cakes, etc., if the baking soda is a good baking soda.

The very best baking soda made is

WYANDOTTE
BAKING SODA

which is pure sure and good. It is so strong that you can use less of it than of any other baking soda. It is so pure that it produces only perfect results. If you have plenty of sour milk, there is no cheaper or better leavening power than Wyandotte Baking Soda.

A five-cent package of this soda weighs twelve ounces, which is more than you get for five cents of any other baking soda.

The days are pleasant there, the nights cool, the scenery inspiring, and the health giving mineral springs at Frankfort have no superiors.

The lakes and streams in the vicinity of these resorts abound with all kinds of fish. The trout, from its extreme beauty, delicacy of flavor, and extraordinary activity as a game fish, has attracted the attention of all classes of people, and the supply in the *Slagel*, Michigan's *greatest trout stream*, is practically unlimited.
