

STRAUSSIAN THOUGHT

Liberalism Ancient and Modern

By LEO STRAUSS. With a new Foreword by ALLAN BLOOM. "[This book] takes its place beside [the author's] *What is Political Philosophy?* as the most appropriate introduction to [his] thought."—*National Review*. An *Agora* Paperback. \$8.95 paper

History and Modernity in the Thought of Thomas Hobbes

By ROBERT P. KRAYNAK. "This is the first study of Hobbes to bring out the view of history that underlies and inspires his political and scientific abstractions. Despite Hobbes's apparent neglect of all previous philosophy, he was preoccupied with its bad political consequences and determined to find a cure for them. Kraynak shows the argument behind the arguments in a book that is fresh, original, vigorous, and direct."—Harvey C. Mansfield, Jr., Harvard University. \$28.50

The Political Philosophy of Montaigne

By DAVID LEWIS SCHAEFER. Arguing that Montaigne was a far more systematic and radical figure than other scholars have recognized, Schaefer demonstrates that Montaigne offers important lessons about the theoretical foundations of modern politics and morality. \$41.50 cloth, \$13.95 paper

Calvin and the Foundations of Modern Politics

By RALPH C. HANCOCK. Hancock argues that Calvin should be considered a founder of modern civilization along with such "secular" thinkers as Machiavelli, Hobbes, and Descartes. \$26.50

Questions concerning the Law of Nature

By JOHN LOCKE. Edited and translated by Robert Horwitz, Jenny Strauss Clay, and Diskin Clay. Containing a substantial *apparatus criticus*, this new edition of Locke's manuscript is faithful to Locke's original intentions and to the format he chose for his discourse on the law of nature—a late-Scholastic *quaestio disputata*. \$29.95

Rousseau's Exemplary Life

The Confessions as Political Philosophy

By CHRISTOPHER KELLY. In this stimulating reading of Rousseau's *Confessions*, Kelly breaks down the artificial distinction traditionally made between this autobiographical work and Rousseau's overtly philosophical works. \$32.50

The Thinking Revolutionary

Principle and Practice in the New Republic

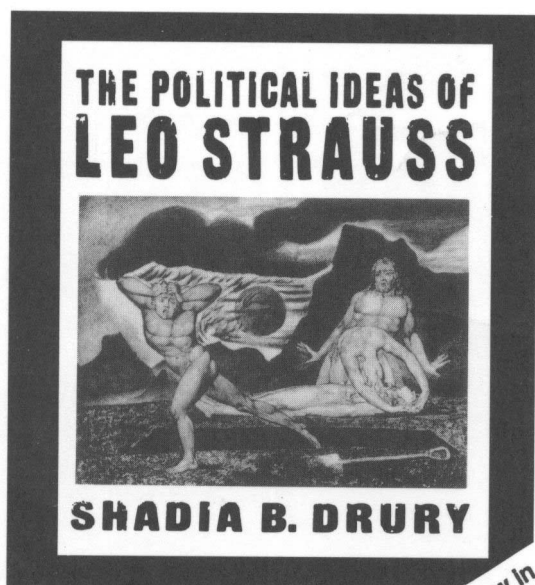

By RALPH LERNER. Focusing on the efforts of prominent founders such as Thomas Jefferson, and John Adams, Lerner documents how their thought helped to shape public discourse, perceptions, and institutions in the new republic. \$26.50

Cornell University Press

124 Roberts Place Ithaca, NY 14850

“A WELL-AIMED BROADSIDE...

...a scholarly, methodical and exhaustive interpretation of Strauss's teachings. Many of Drury's conclusions are most unconventional, indeed, not a little unnerving." — *Political Studies*
