Archives Web Quiz Winner

Congratulations to the winner of our April quiz, Juan D. Arias, MD, Fundación Oftalmológica de Santander, Clínica FOSCAL, Bucaramanga, Colombia, and Ocular Oncology Service, Wills Eye Institute, Thomas Jefferson University, Philadelphia, Pennsylvania. The correct answer to our April challenge was foscarnet crystals. For a complete discussion of this case, see the Research Letters section in the May *Archives* (Martínez-Castillo S, Marín-Lambies C, Gallego-Pinazo R, Arévalo JF, Díaz-Llopis M. Crystallization after intravitreal foscarnet injections. *Arch Ophthalmol*. 2012;130[5]:658-659).

Be sure to visit the *Archives of Ophthalmology* website (<http://www.archophthalmol.com>) and try your hand at our Clinical Challenge Interactive Quiz. We invite visitors to make a diagnosis based on selected information from a case report or other feature scheduled to be published in the following month's print edition of the *Archives*. The first visitor to e-mail our web editor with the correct answer will be recognized in the print journal and on our website and will receive a 1-year complimentary online subscription to *Archives of Ophthalmology*.
