

## ACRL Grants Awards

The COMMITTEE ON GRANTS of the Association of College and Research Libraries awarded grants to ninety academic institutions totaling approximately \$58,000. In addition to this amount, approximately \$5,000 was spent for the service of Committee consultants sent to emerging institutions and for administrative expense. Out of a total of 289 applications for resources and consultants' services, sixty-two grants were approved; of ninety-one applications for Library Bureau equipment, fourteen grants were given; of the fourteen applications for special grants, twelve received consultant assistance and seven received an additional grant; and of the twelve applications for research grants, two were approved.

Principal support for the ACRL Grants Program was from the United States Steel Foundation, with additional contributions from: Library Bureau (Remington Office Systems Division, Sperry Rand Corporation), McGraw-Hill, Inc., Olin Mathieson, The H. W. Wilson Foundation, Pitney-Bowes, and Time, Inc. At its annual sessions during the last week of November, the Committee discussed the future of the program, and the continuing need for additional donors. A sub-committee was named by the chairman to report at the Midwinter ALA meeting on the costs involved in having a brochure designed by a professional concern, and it is hoped that a final decision will be made on this project before the end of the year.

The special emphasis given to developing institutions, primarily in the southern states, has involved asking librarian-consultants to investigate and report on these special grant applicants. Criteria were developed to guide the consultants, and we only regret that funds were not available to assist more of these institutions.

Although federal support is available to most academic libraries, the large number of applications each year for ACRL Grants indicates that the program is justified and continues to serve a genuine need among small colleges. It is our hope that corporations who benefit from academic library services may realize the importance of the program and become future contributors.

In addition to the devoted efforts of George M. Bailey, ACRL executive secretary, other members of the Committee for 1967-1968 were: Humphrey Bousfield, Brooklyn College; Helen M. Brown, Wellesley College; Miss Johnnie E. Givens, Austin Peay State College (Tennessee); James Humphry, III, Metropolitan Museum of Art (New York); Virginia Lacy Jones, Atlanta University; and Rev. Vincent

*Dr. Virginia Lacy Jones presents the check to Dr. John R. Bertrand, president of Berry College, while Joel A. Stowers, librarian at Berry College, looks on.*

R. Negherbon, Saint Francis College (Penn.).  
—H. Vail Deale, chairman.

Hazel A. Johnson  
 Librarian  
 Connecticut College  
 New London, Connecticut 06320  
 Jalal Zuwiyya  
 Associate Librarian  
 State University of New York  
 Binghamton, New York

## LAUNCHING OF THE LAUC

Approximately sixty librarians from various UC campuses met at Fresno on October 25 to hear the report of the Steering Committee and to consider some of the immediate organizational problems of the Librarians' Association of the University of California (LAUC). William Treese, chairman of the Steering Committee, presented the report of the committee and served as chairman *pro tem*; Jean Hudson, secretary for the San Francisco meeting, again served as secretary *pro tem*.

Although the details of the ratification vote will be distributed with the minutes, it should be noted that the vote was 64 against and 299 for approval of the "Proposed Structure." Berkeley, which approved the Structure 79 to 6, had a 47 per cent voting return; Los Angeles, which rejected the Structure 49 to 37, had a 50 per cent voting return. On other campuses, the returns varied from 64 to 100 per cent of the professional staff.

In its report, the Steering Committee recommended Assembly consideration of the problem of membership of special university units, such

as those at Los Alamos, Livermore, Berkeley Radiation Laboratory and the Davis and Los Angeles medical schools; procedural requisites for formal meetings; scope and limitations of standing committees; problems of organizational communication; and problems of revision and amendment of the Structure and the Statement of Purpose, Objectives and Implementation. The Steering Committee, which had completed its original task, was asked to act as a nominating and elections committee, except that committee members who become candidates for office are to be excluded from the committee. Nominations from the floor were as follows: President: Eldred Smith, UCB; Fay Blake, UCLA. Vice-president: James Mink, UCLA; Richard Moore, UCSC. Secretary: Fay Blake, UCLA; Shirley Walton, UCR.

J. Richard Blanchard, university librarian at Davis, reported briefly on the progress of the Spiess Report through the Committee on Privilege and Tenure and the Budget and Interdivisional Relations Committee of the Assembly of the Academic Senate.

During the latter half of the meeting, Mrs. Johanna Tallman, UCLA, presented a resolution critical of the "Proposed Structure." A motion was passed 47 to 11 disassociating the meeting from certain aspects of the resolution. Mrs. Tallman also presented a petition for an amendment to section III, D of the Structure.

## OTTO HARRASSOWITZ
