# All you may ever need to know about the **SCIENCE CITATION INDEX**<sup>®</sup> but never found time to ask.

If you've heard about the *Science Citation Index*, wondered how it works or compares with traditional subject indexes, here's your chance to get the full story.

A new, comprehensive booklet discusses every facet of this unique indexing system. And it's available to you without cost or obligation.

Just off press, this booklet is full of facts, figures, theory and how-to-use-it information. For example, you'll find discussions of:

- How the *SCI*<sup>®</sup> employs citation and Permuterm<sup>®</sup> subject indexing to avoid use of ambiguous terminology.
- How the *SCI* covers over 90% of the significant scientific and technical journal literature.
  - What is citation indexing?
  - How the *SCI*'s sophisticated, computer-based information processing reduces the time lag between original publication and indexing to a bare minimum.
- How to perform four basic types of literature searches—with sample indexing entries shown in detail.

**So if you want to know all about the *SCI*, now's the time to ask. Send for your free booklet or ask for any reasonable number you may need for your organization.**

Please send me \_\_\_\_\_  
copies of your new booklet on the  
*Science Citation Index*<sup>®</sup> without cost or obligation.

For extra convenience in using **Choice** . . .

With the first issue of Volume 5 (March 1968), **CHOICE** began an additional service long requested by subscribers — **CHOICE Reviews-on-Cards**. If you were not among the service's charter subscribers, you may want to consider it now.

**Reviews-on-Cards** can make your acquisitions system as versatile as you like. They make it easy to separate and distribute reviews simultaneously to other librarians and faculty (no more tearing up magazines or waiting forever for circulating copies to return). They save clerical steps in ordering and checking holdings (ample space for notations on both sides). They are a cataloging aid, and they are easy to locate in your desiderata file. You will find dozens of uses for them.

As **CHOICE** goes to press, all reviews are reprinted on 3 x 5 cards. Each is identified by subject and issue date. Collated in the order followed in the magazine, they are boxed and mailed to you via Fourth Class mail, Special Handling. You should receive them within three weeks after your regular issue of **CHOICE**.

A year's subscription to **Reviews-on-Cards** (available only to **CHOICE** magazine subscribers) costs \$110.00. With current publication of approximately 6,500 reviews per year, the cost of the card service is only 1.7¢ per review.

## Research Grants are Available!

### Will You Receive One?

*If you are seeking sources of support  
for your research, one book can  
make all the difference*

### The Annual Register of Grant Support

1975/1976 . . . your key to thousands  
of funding opportunities.

Now you can have information on the sources of billions of dollars in grants, fellowships, scholarships, awards, and prizes . . . all in one convenient compendium. No other single reference resource gives you such a complete and comprehensive listing. Four special indexes—subject, geographic, organizational, and personnel—help you find the funds you need, when you need them! Hardbound 600+ pages \$47.50.

### ...and Where Will You Publish?

### The Directory of Publishing Opportunities

3rd Edition *tells you.*

Here's an information-packed sourcebook of essential information on publishing opportunities . . . essential for anyone seeking to place scholarly and professional articles in the best and most appropriate journals. You get specific manuscript information that shows where, when, and how to submit, and to whom. Four complete indexes—title, subject, organization, and editorial staff—take the guesswork out of article submission. Hardbound 700+ pages \$44.50.
