

of Phillips University. Honorees include such men as Albright, Barth, Bultmann, Cullmann, Hook, Knox, Muilenburg, Pittenger, Rowley, Tillich, and Whitehead. There are 1,531 individual entries, all indexed by author and Library of Congress subject headings. Full bibliographic information is given for each festschrift. Each entry notes the author, title, the catchword which serves to identify the festschrift, and the inclusive page numbers. The index is available from the Graduate Seminary Library, Phillips University, Box 2218, University Station, Enid, Oklahoma 73701. Price, \$5.30, including postage and handling.

• An eighty-seven page list describing "Newspapers in Microform" in the Pennsylvania State University libraries has been com-

plied by June R. Morroni, head of the Microforms Section. The list includes current and retrospective holdings in 35mm reel microfilm, microfiche, and microprint. Each newspaper is listed under the latest or best-known form of its title, and cross-references have been used to clarify variant titles. In addition to the full title and the issues available in Pattee Library, information regarding frequency of publication, date first published, place of publication, and history of each newspaper is given where available. Following the alphabetical arrangement there is a geographical index and a chronological index. Copies of the list are available without charge by writing Miss Morroni, Microforms Section, Pennsylvania State University Libraries, University Park, Pennsylvania 16802. ■■

News From the Sections

ART SUBSECTION

The Art Subsection will sponsor an all-day program/tour during the Dallas convention, on Monday, June 21. Departing Dallas at 9:30 a.m. by chartered bus, the group will stop at the Inn of the Six Flags at Arlington, Texas, for a discussion meeting on art materials acquisition problems, followed by lunch. The tour will then proceed to Fort Worth to the Amon Carter Museum of Western Art, which will serve as a base for informal visits to adjoining museums, including the Kimbell Art Foundation building under construction, and will return to

Dallas in the late afternoon.

The chartered bus tour is limited to thirty-eight members of the Art Subsection. An additional twelve persons are welcome to accompany the group in their own cars (Arlington is eighteen miles from Dallas; Fort Worth is another fifteen miles). Reservations, to be made in advance before June 1, 1971, are \$9.00 for the entire program (bus, lunch, and gratuities) or \$6.00 for lunch and gratuities only (participant's own transportation). Check or money order should be made out to Nancy R. McAdams, P.O. Box 8294, University Station, Austin, Texas 78712. ■■

ROBERT T. MOTTER SCHOLARSHIP

The Department of Library Education at Oklahoma State University, Stillwater, announces the second Robert T. Motter Library Science Scholarship in the amount of \$1,000. The scholarship was created by the Motter Bookbinding Company in memory of its founder, Mr. Robert T. Motter, a longtime friend and aid to libraries and librarians in the state and region. The scholarship committee—comprised of Mrs. Nancy Amis, Mrs. Ann Hoyt, Mrs. Marie D. Chaney, and Dr. Roscoe Rouse—stated that the purpose of the award is "to encourage a promising young person to enter the school library profession." Candidacy for the scholarship is open to men and women who have at least junior standing; graduate students are encouraged to apply. The award will be made for study in the library education program at Oklahoma State University and the recipient will be chosen on the basis of "proven

scholastic ability plus aptitude and potential for growth in the profession of librarianship." The deadline for applications is May 1, 1971. Application forms will be sent to those who request them although a personal interview in Stillwater is required. Inquiries may be addressed to Dr. Roscoe Rouse, Head, Department of Library Education, Oklahoma State University, Stillwater, Oklahoma 74074. ■■

ALA HEADQUARTERS LIBRARY SEEKS MANUALS

ALA Headquarters Library is updating its collection of college and university library handbooks and manuals on instruction in library use and will appreciate receiving copies of recent handbooks; please direct them to Headquarters Library, American Library Association, 50 East Huron Street, Chicago, Illinois 60611. ■■

SPRING 1971 TITLES FOR REFERENCE COLLECTIONS

Robert Collison

ABSTRACTS AND ABSTRACTING SERVICES

Definitive study devoted to an analysis of abstracting and its 300-year history. Based on critical examination of more than 1,000 abstracting services. Essential reading for writers and editors engaged in abstracting, librarians, and information scientists. Mechanization of abstracting and indexing techniques discussed. Appendix includes listing of 500 abstracting services.

Cloth ISBN 87436-078-1 \$8.50; Paper ISBN 87436-079-X \$4.75

Frederick Holler

THE INFORMATION SOURCES OF POLITICAL SCIENCE

A one-volume guide to bibliographies, directories, indexes, surveys, dictionaries, book reviewing media, periodical titles, etc. Critically annotated. Designed to familiarize students and scholars with essential reference publications in political science and related disciplines. Comprehensive guide for reference librarians. "The aid to government publications most needed by librarians."

**Boyd and Rips, United States
Government Publications, 3rd Ed. 1953**

UPDATES THE 1909 CHECKLIST AND OTHER BASIC REFERENCE TOOLS USED BY DOCUMENTS LIBRARIANS

Here's how the two standard reference books on U.S. Government documents evaluate the Public Documents Library, its collection, the SuDocs Classification scheme, and the need for updating the predecessors of *Checklist '70*.

GOVERNMENT PUBLICATIONS AND THEIR USE, L. F. Schmeckebier and R. B. Eastin, 2nd Revised Edition, Brookings Institute, 1969.

"There is probably no complete collection of government publications in existence, but the one in the Public Documents Library is probably the most nearly complete . . . it has all issues listed in the Monthly Catalog and the biennial Documents Catalog. It also has some material not so listed, as back issues are often sent to the library after the catalogs are printed."

UNITED STATES GOVERNMENT PUBLICATIONS, A. M. Boyd and R. E. Rips, 3rd Revised Edition, Wilson, 1953.

"The Library of the Office of Superintendent of Documents is of interest to librarians . . . because of the classification scheme by which its collection is arranged. It has been adopted by many other libraries throughout the country as a most convenient and satisfactory method of organizing and arranging collections of government publications.

"There have been three checklists of government publications. . . . The third, which was much more inclusive and a monumental work of incalculable value covering the entire period of United States publications to 1909 . . . was published in 1911.

"A fourth edition, bringing the third edition to date, is the aid to government publications most needed by librarians."

CUMULATIVE SUPPLEMENTS WILL UPDATE THE COLLECTION

Thanks to GPO's full cooperation, we are also able to offer subscriptions to a service which will update the shelf lists semiannually in dual-media cumulative supplements. The microfilm portion will include all new entries added to the shelf lists after the 1970 cut-off date. They will be filmed in SuDocs Classification order, and the accumulated files issued semiannually until such a time as the entire shelf lists will be re-filmed in one sequence. The four indexes will be issued in paperback supplements and accumulated along with the card files.

ments

ON MICROFILM

1,200,000 shelf list cards on 16mm microfilm (roll or cartridge);

arranged in SuDocs classification order by some 3000 government authors; and

current as of October 1970.

The active file contains approximately 550,000 cards describing publications of existing government authors and continuous series.

The inactive file contains 650,000 cards describing publications in discontinued series and items published by government authors that are no longer active.

Also, both files contain about 50,000 guide cards which indicate changes of titles and identify predecessor and successor organizations.

SEPARATE SUBSETS OFFERED FOR MAJOR GOVERNMENT AUTHORS

Department level author breakouts are available separately upon request. For example, you may order individual microfilm reels covering the shelf lists of publications of the Department of Agriculture, Interior Department, Health, Education and Welfare. Please write for price information.

LIST OF DOCUMENTS

al media collection of the Active and Inactive shelf
the Superintendent of Documents', *Public Docu-
library*, Washington, D. C.

IN BOUND VOLUMES

Four full-size, hard cover computer-based indexes compiled by Daniel and Marilyn Lester. Mr. and Mrs. Lester are the Associate Director for Systems and Automation, and Technician, Government Publications Division, at the Library of Mankato State College in Minnesota.

INDEX ONE — arranged by author in SuDocs class order showing microfilm reel numbers (in essence, a detailed Table of Contents for the Microfilm Segments).

INDEX TWO — arranged in a single alphabet format by some 3000 individual government authors (both active and inactive). This index brings together all SDC numbers for any government Author, regardless of its reorganization history.

INDEX THREE — an alphabetical listing of cabinet level departments and major agencies subdivided by their individual publishing offices listed alphabetically.

INDEX FOUR — an alphabetical listing of some 18,000 U. S. Government series titles giving SDC Class numbers and microfilm reel numbers. This list will be enlarged with full descriptive data for each series in the Lesters' forthcoming *Bibliography of U.S. Government Serial Publications, 1789-1970*.

Note: All index entries show SDC and microfilm reel numbers.

"The most comprehensive single source of published information on U.S. Government Documents."

Carper W. Buckley
U.S. Superintendent of Documents
1953-1970

BIBLIOGRAPHIC DATA ON MORE THAN 1.5 MILLION U.S. GOVERNMENT PUBLICATIONS

Now available to librarians for the first time in any format. As stated by Carper W. Buckley, who until his retirement in 1970 had served as U.S. Superintendent of Documents since 1953.

"Checklist '70 provides librarians with the most comprehensive single source of published information about United States Government documents. It lists all titles which appear in the shelf lists of the Public Documents Library of the U.S. Government Printing Office, covering the period 1861 through October 1970. Also included are the publications listed in the *Checklist of U.S. Public Documents, 1789-1909*, the *Monthly Catalog* and Mary Elizabeth Poole's *Documents Office Classification to 1966*."

In addition to containing bibliographic citations and SuDocs Classification numbers for the publications mentioned above, *Checklist '70* also contains references to thousands of publications which held security classifications when originally published and therefore did not appear in any lists or bibliographies. Most of these which were later declassified and added to the Public Documents Library's shelf lists were never picked up retrospectively in the standard bibliographic reference tools.

Each citation is at least as complete as the entries in the *Monthly Catalog* and often provides more information. For instance, bibliographic data on each issue of certain periodicals are included, as well as complete cross-references for changes in classification numbers, titles, or issuing agencies. Cutterized separations are listed for some series publications.

Monographic publications can be found by Cuttered keyword under the "General Publications" heading for most major departments and agencies.

IMMEDIATE DELIVERY ON MICROFILM SHELF LISTS INDEX VOLUMES AVAILABLE SPRING 1971

TO: U. S. Historical Documents Institute
1647 Wisconsin Ave., N.W., Wash., D. C. 20007

Please record our order for:

YOU CAN GET A BETTER VIEW OF THE LEFT AND THE RIGHT FROM THE MIDDLE.

The Monitor is different from other daily newspapers. Instead of being published by a business, it's published by a church.

This doesn't necessarily prove that the Monitor is less partisan than other papers. But perhaps this does:

In a recent independent survey of 1,800 journalists, the Monitor was chosen the "fairest" newspaper in America. (*The New York Times*, by comparison, finished 16th.)

Subscribing to the fairest newspaper in America has certain obvious advantages—the most important being that instead of the editorial leanings of the publisher, you get the sort of balanced analysis of important issues necessary to form your own opinions.

In short, you can see the left and the right from the sharper perspective of the middle—a perspective that seems to be in increasingly short supply.

Fortunately, the Monitor is in abundant supply. University Microfilms is now offering the Monitor on microfilm—any issue in its 63-year history. For complete details, write us.

If you care to order now, the price is \$75 per year. Proving that objectivity in journalism is not only an attainable goal, but an inexpensive one.
