# The "Unpackage Plan"

## Now get titles from BOOKS FOR COLLEGE LIBRARIES on microfiche

BOOKS FOR COLLEGE LIBRARIES, published by the American Library Association, cites approximately 53,400 titles, and, as stated in the preface, is essentially "a list of monographs designed to support the college teaching program that depends heavily upon the library, and to supply the necessary materials for term papers and suggested and independent outside reading."

NCR/Microcard Editions is reprinting works cited in BOOKS FOR COLLEGE LIBRARIES on microfiche and offering them in subject-oriented groups based on BCL chapters. Each group is available separately and for each group there is a list of titles which is why we call it the "unpackage plan"—you know IN ADVANCE what you are getting, you choose the sections you need and those that fit your budget, and you receive immediate delivery. How?

1. **SELECTION:** Only titles already selected by qualified experts are included in our program. With a copy of BCL, anyone can assess the titles chosen, the basis of selection, and the qualifications of the selectors.
2. **NO LONG-TERM COMMITMENT.** Groups are small (\$200.00 to \$600.00) and independent of each other. A library can either buy or not buy each group depending on its needs and budget.
3. **EQUIPMENT.** Standard 4" x 6" microfiche are being used. Therefore, there is no need to purchase or lease new reading equipment. Since not more than one title appears on a fiche, titles can be filed in any sequence.
4. **DELIVERY.** Several groups are ready for immediate delivery.  
HISTORY: Great Britain (BCL-1), AMERICAN LITERATURE (BCL-2), ENGLISH LITERATURE (BCL-3), HISTORY: United States (BCL-4), HISTORY: Europe (BCL-5), EDUCATION (BCL-6), POLITICAL SCIENCE (BCL-7), and more are on the way!

**NCR** Microcard Editions

## WHY LIBRARY BINDING?

Library Binding is a special kind of binding developed primarily for libraries, and includes the initial hardcover binding of periodicals, the rebinding of used books and the pre-binding of new books — all in accordance with the LBI Standard.

By specifying low cost library binding for all your binding requirements, you can save thousands of dollars in your budget (amount dependent upon size of original budget) because each volume will withstand 100 or more circulations, over four times the number provided by a publisher's library edition. This new-found money can then be used to purchase new titles, thereby increasing the size of your collection without substantially increasing the budget.

Write today for our free brochures and the name of your nearest Certified Library Binder.

## CAREER INFORMATION

The job market for librarians has changed considerably. Does your library career file reflect this change? Have you replaced old materials with new up-to-date information? The Office for Recruitment of the American Library Association would like to know.

During the past year and a half the ALA Office for Recruitment has built a new selection of materials on library careers including brochures, posters, reprints, portable exhibits, and information on minority recruitment. For a complete checklist of materials and free sample copies, write to the ALA Office for Recruitment, 50 E. Huron St., Chicago, IL 60611. ■■
