

SECTION THREE: NEWS AND VIEWS OF THE MEMBERS OF THE ATLA TECHNICAL SERVICES SECTION

EDITED BY LYNN BERG

CONSER FUNNEL PROGRAM UNDERWAY

In January, five ATLA members traveled to Boston for a one-day CONSER training event designed to introduce them to the practices and policies governing the CONSER program.

Following this training, the participants received CONSER authorizations and Library of Congress Control Numbers (LCCN) for use in their serials cataloging.

To date, three trainees have begun submitting serial records for review. As of March 2010, two new records and two updated records have been entered into OCLC. Many more serial records are in the review process. Look for ATLA member symbols in the O40 field of religious serials on OCLC. You will soon begin seeing them there.

NACO FUNNEL MEMBER ACHIEVES INDEPENDENCE

Michael Bradford, Serials and Electronic Resources Librarian at Harvard Divinity School, has successfully passed the test required for achievement of independence in the creation and updating of corporate, conference and geographic names in the National Name Authority File on OCLC.

Way to go Michael!
