

From the desk of Editor-in-Chief

doi: <http://dx.doi.org/10.3329/jemc.v6i3.29676>

Alhamdulillah! With the publication of this issue we are completing six years of publication of Journal of Enam Medical College. This is a great success and landmark in the trajectory of the journal. We share this success with the contributors, reviewers and faculties and authority of the college without whose active and sincere cooperation it would not have been possible to publish the journal regularly and timely. We are really very grateful to all of them.

The flow of paper submission for publication in the Journal of Enam Medical College continues to be very good. Papers are flowing in also from outside the country. This has been because of the quality of the journal and regular and timely publication.

Participation in the national and international conferences regarding publication of scientific journals promotes exchange of ideas among editors, authors, researchers, librarians and publishers of medical journals and expands collaboration among different countries. Editor-in-Chief, Journal of Enam Medical College attended the Asia Pacific Association of Medical Journal Editors Convention (APAME Convention) 2016 organised jointly by Asia Pacific Association of Medical Editors (APAME), Thai Medical Association and Thai Society of Medical Journal Editors (ThaiMJE) held in Bangkok, Thailand from August 27–28, 2016. He presented two papers in this conference. Participation and presentation in this Grand Meet greatly acquainted the Journal of Enam Medical College and also the institution among the medical journal editors and research scientists of Asia Pacific region.

With all the best wishes.

Prof. Md. Aminul Haque Khan
Editor-in-Chief
