

Preface

Volume 1 Number 1

October 2016

Science and technology is two major important disciplines to develop various aspects in the earth. To disseminate research results of science and technology then since October 2016 Science and Technology Indonesia was founded.

We are grateful for the first issue Science and Technology Indonesia. Science and Technology Indonesia is developed for all scientists to create scientific atmosphere not only in Indonesia but also in the world.

The first issue is special for various field of chemistry and we believe this journal can create good communication between all scientists and all academicians.

We invite scientists to submit their article to Science and Technology Indonesia. The submission process and guideline for preparing manuscript is available in the web. Please do not hesitate to contact us for further information.

Science and Technology Indonesia will publish articles quarterly January, April, July, and October every year.
